MARYLAND GAZETTE,

Containing the lateſt Advices foreign and domeſtic.

THURSDAY, *September* 3, 1761.

PRAGUE, June 3.

IT is this Day reported, that M. Daun, after ſtationing a Body of Troops in the Territory of Plauen, near Dreſden, and putting a ſtrong Garriſon into that Capital, has ſuddenly marched, with the reſt of his Forces, towards Siſeſia. It is certain that General Haddick hath taken the Command of the Troops from Dippoldiſwalde to Dreſden; and that General Laſcy hath taken poſt on the Right of the Elbe, to preſerve the Communication with Zittau. If M. Daun be really marched, and if it be really true, that the Diviſion of the Ruſſian Forces, which General Fermer commands, is advancing by Poſen to Sileſia, there will be bloody Work. General Goltze wanted to be beforehand with the Ruſſians at Poſen, but not ſucceeding, he hath taken Poſt in the Confines of Poland, to diſpute their entering Sileſia. As ſoon as Prince Henry of Pruſſia was informed of M. Daun's Departure, he aſſembled his whole Force in the Neighbourhood of Meiſſen.

Dreſden, June 5. Marſhal Daun is gone to conſult with General Laudohn about the Meaſures that may be moſt proper to be taken under the preſent Circumſtances of Affairs. General Haddick commands the Imperial Troops in his Abſence, Part of which are already encamped, but the reſt, eſpecially the Cavalry, are cantoned in the Towns and Villages in our Neighbourhood. The Generals Sincere and O'Donnell, who were lately detached towards Sileſia, are ſtill at Zittau with their reſpective Corps, and are to ſtay there till further Orders; by which Situation they can either quickly return this Way, if there ſhould be Occaſion, or go and reinforce General Laudohn's Army, in caſe the King of Pruſſia ſhould ſhew any Deſign to attack it.

Frankfort on the Oder, June 7. General Goltze is ſtill at Zullichau, and expects Reinforcements. The main Body of the Ruſſian Army ſeems to direct its march that Way, whilſt a Column, led by Count Czernicheff, will advance towards Breſlau, and another Diviſion, leſs conſiderable, is to march into Pomerania, and reinforce the Corps under the Command of General Tottleben. We do not yet know what Diſtance theſe different Corps may be from us; but it has been judged expedient to put in a Place of Safety all the Boats that were on both Sides of the Oder; and in the Night we have brought to this Side of the River all the flying Bridges that might be of Uſe to the Enemy.

Brandenbourg, June 10. The King hath marched a Part of his Army towards Frankenſtein, to be nearer the County of Glatz.

Munſter, June 9. The Troops under the Command of the Hereditary Prince have been encamped ſince the 1ſt Inſtant at Schapdetten: A Detachment of four Squadrons, and ſix Battalions of Heſſian Grenadiers, form a ſmall ſeparate Camp at Appelhulſen. The light Troops are poſted at Coesfeld, Dulmen, and Geicher. The Hereditary Prince's Head-Quarters are ſtill at Nottelen; but the Field Officers are at Schapdetten.

Hanover, June 12. We have Advice from Eimbeck, that on the 3d Inſtant the Viſcount de Belſunce came out again from Gottingen, at the Head of a large Detachment, and marched towards Uſlar, with a Deſign to ſeize upon that Place; but on his receiving Intelligence, that General Luckner was coming to meet him, with Part of the Troops under his Command, and had already advanced as far as Mohringen, he immediately dropt his Deſign, and turned back to Gottingen.

Weſel, June 13. The Prince de Soubiſe was here on the 10th. That Day, all the Cavalry, which were formerly cantoned on the other Side of the Rhine, came and occupied a Camp under our Walls, out of which the Foot had marched to take Poſt a League farther off.

On the 11th the Column that had been at Duſſeldorp took its Rout towards the Country of La Marck.

This Day (the 13th) all the Houſhold Troops, the fineſt Eye ever beheld, all the Cavalry, and all the Infantry that were before the Town, began their March early in the Morning. The Diviſion which was encamped at Rees, under the Marquis de Voyer, joined this Column, and made its Van.

M. de Chevert heads the Column that came from Duſſeldorp. That which hath juſt now left us is commanded by the Marſhal Prince de Soubiſe in Perſon.

P. S. It is juſt now reported, that the Hereditary Prince is advancing, with a numerous Force, againſt the Column left by M. de Chevert.

Hague, June 16. According to all the Advices received from Weſtphalia, they expected every Moment to hear of a bloody Battle between the Allied Troops commanded by the Hereditary Prince of Brunſwick, and the French under Marſhal de Soubiſe.

Paris, June 8. We do not hear that M. Stanley, the Miniſter from England, has yet had any Conference with our Miniſtry upon the Buſineſs which he came about. Perhaps he waits to know what M. de Buſſy has done at London, in order to regulate his Conduct thereupon. We are perſuaded that the Engliſh will come to no Determination till the Fate of Belleiſle be decided, and that their View in making this new Conqueſt, is to enable them to ſecure their old ones, particularly thoſe in Canada; an Object which may probably prove the Stumbling-Block of our Negociations.

Vienna, June 3. The advanced Guards of the Army of the Empire range even to the Gates of Leipſick, from whence the Pruſſians are removing their Sick and their Magazines. The Imperial Troops of Ruſſia are arrived in three Diviſions at Poſen.

Schweidnitz, June 4. Yeſterday the King of Pruſſia received an Account that a large Body of Ruſſians was advancing towards this Country, and that the reſt of that Army was in Motion; but this gives us no Uneaſineſs, as we have a large Chain of Troops formed to ſtop their Progreſs.

Gottingen, June 3. The French have juſt given us to underſtand, that they ſhall call upon us monthly for a pretty large Sum in Specie, and which muſt be punctually delivered, under expreſs Pain of military Execution.

Padeborn, June 10. All our Accounts agree, that the Enemies are in Motion on all Sides, ſo that the Campaign will open in a few Days. The French are determined, if poſſible, to get Poſſeſſion of Hanover; but they will find, notwithſtanding their Superiority, a vaſt deal of bloody Work to go through before they carry their Point; as all our Men are in high Spirits, and we are every where in Readineſs to receive them.

LONDON, *June* 20.

His Majeſty's Ship Argo, Richard King, Eſq; Commander, took on the 11th Inſtant, in the North Sea, and has brought her to the Nore, the Marſhal Duc de Biron Privateer Snow, of 15 Six-pounders, pierced for 20 Carriage Guns, and 12 Swivels, and 109 Men. She ſailed from St. Maloes the 17th of April laſt, had taken 10 Veſſels, and had ſeven Ranſomers on board for 4605 l. This is the ſame Ship that engaged ſome Time ago the Duke of Tuſcany, Capt. Malone, 7 Glaſſes, off Cape Clear, on the Coaſt of Ireland.

The Ranſomers for the following Ships were on board the Marſhal Duc de Biron Privateer, viz. the Alexander, Crawford, from Virginia to Glaſgow; the Boyle, Carley, from Youghall to Newfoundland; the Polly, Gammel, from Virginia to Glaſgow; the Friendſhip, Cregg, from Newry to Irwin; the Kennington, Simpſon, from Harwich to Norway; and the Neptune, Hubert, from Lynn to Elſineur.

We hear from Malaga, that the Thunderer Man of War, Captain Proby, had put in there, who, a few Days before, had chaſed the Roſan, a French Man of War of 64 Guns, into Carberona; and that the Dunkirk Man of War had chaſed another French Man of War, the St. Vincent, of 64 Guns; that they both eſcaped by being near in Shore before they were diſcovered.

Capt. Riddle, in the Lion, arrived at Genoa, fell in with three French Men of War off Liſbon, who came near enough to fire at him; but he had the good Luck to get clear of them, and three Days afterwards, off Cadiz, fell in with three others, who endeavoured to cut him off from the Streights Mouth, and chaſed him within two Miles of Cadiz; but having a ſtrong Gale, and the Wind fair, he puſhed for the Streights, and got through that Night. Two Days after he was chaſed by a large Ship, which proved to be the Arnaux; ſhe bore down, till near enough to diſcover each other's Force, and then wore and run for it. The next Day he fell in with and took a Veſſel, bound from Marſeilles to --------, which he has carried into Genoa. The Gramont Man of War, as being in Sight, claims a Share. The Lion had 14 Days Paſſage from Plymouth, and 18 from the Downs.

Extract of a Letter from Captain Barnard, of the Ship Speedwell, dated Dover, June 16.

"On the 26th of April I left Virginia, and on May the 13th had the Misfortune to fall in with a large Privateer belonging to St. Maloes, of 24 Guns, and 240 Men, who took me about Half paſt Nine at Night, and kept me until eight o'Clock the next Morning, then ranſomed me for 3000 l. Sterling. I fear a great many of the Ships from Virginia will ſhare the ſame Fate, for there are ſeveral Privateers cruizing off the Banks of Newfoundland."

Four Ships of the Line, with ſome Tranſports, are ordered to be got ready to ſail for the Mediterranean; and it is ſaid the new Governor of Gibraltar will embark on board the Commodore's Ship.

A Number of Workmen, with all Things Neceſſary, are ordered to ſail for Belleiſle, to repair the Fortifications; and they are to be allowed extra pay.

The Hill-houſe at Chatham is getting ready to receive General Kingſley, who is to command the Forces that are to encamp at Brumpton.

According to private Letters from Stockholm, we may expect ſomething very extraordinary at the cloſe of the Diet, as the Swediſh Nation in general ſeem to be convinced that a ſteady Attention to their own Intereſts, and the Cultivation of the Arts of Peace, are the only probable Methods of recovering the Figure they formerly made among the Powers of Europe, and as their Application to theſe will not either require the Aſſiſtance, or excite the Jealouſy of their Neighbours.

They continue to work every Day in the Yard at Woolwich, Sundays not excepted.

Yeſterday there was a very hot Preſs below Bridge, when many Sailors were taken and put on board the Tender at the Tower.

Two or three Regiments of Foot are ſoon to embark to relieve the Garriſon of Guadaloupe.

It is ſaid the Number of Troops, which are to be left on the Iſland of Belleiſle, are to be 5000 Men, with a ſtrong Squadron of Men of War, to prevent any Attempts that the French may make for the Recovery of the ſaid Iſland.

His Majeſty's Ship Intrepid, juſt returned from a Cruiſe to Plymouth, ſpoke with a Dutch Eaſt-India Ship under Jury Maſts (Half of whoſe Cargo had been thrown overboard to ſave the Remainder, which is greatly damaged) about 70 Leagues from the Land's End, that had left the Cape near three Months, where Advice was received of Pondicherry being taken.

Extract of a Letter from Spain.

"The Bayonners have lately made ſeveral Prizes, moſtly outward bound Newfoundlanders.—The Providence of London, bound to New-York, is ſent into Rivades in Galicia, by the Ruby Privateer of Bayonne; the Harlequin of Bourdeaux has taken the Roſe, Tardif, Tranſport, from Belleiſle to Guernſey, and a Veſſel from Philadelphia with Lumber."

Ranſomers are carried into Dunkirk by the Wolf Privateer, Capt. Duhamel, for the following Veſſels, viz. the Elizabeth and Chriſtian, Anderſon, from London to Arch-Angel, for 380 Guineas; the St. Stephen, Greyſon, from London to Arch-Angel, for 500 Guineas; the George and Mary, Hubbard, from Hamburgh to Lynn, for 200 Guineas; the Jane Sloop, Wood, of and from Aberdeen to London, for 140 Guineas; and the True Friendſhip, Foſter, of Stockton, for 120 Guineas.

They write from Malta, that they had received Advice from the French Conſul at Conſtantinople, that the Fleet fitting out there will conſiſt of 18 Capital Ships of War, 20 Frigates, Xebecs, Cruiſers, &c. and is to be commanded in Chief by Heſſen Dey, and the famous Pacha of Rhodes is to command under him; and that this Fleet will certainly put to Sea immediately after the Turks grand Feaſt of Ramadan is over.

June 11. A Letter from a Gentleman at Rome to his Friend in London, dated April 23, ſays, "The two extraordinary Perſons who lately made their Appearance at Cologn having given ſufficient Teſtimony to the French Envoy and Magiſtracy of that Town, were permitted by them to take their own Method of travelling to the Capital of the Roman Catholic Religion, in order to be farther examined concerning their Miſſion, &c. where they arrived ſooner than the Account of their Departure could be received, although the Meſſenger diſpatched for the Purpoſe travelled Poſt. When they were ſent for to appear, by Order of the Pope, before Cardinal Carmelingue, they gave ſuch an Account of their Journey as aſtoniſhed every one. They are now going into a very ſerious and curious Enquiry, that not only engages the Attention of the Clergy, but of the Laity alſo: By what has already tranſpired, and by Hints which have been dropt, all Degrees of People are grown very impatient about them. They are acknowledged to be ſomething aſtoniſhing, and are reverenced even by the Vulgar: By the Simplicity of their Manners, the Purity of their Opinions, and their Deſire of doing Good, they gain greatly upon the Good-Will of the Religious. The Pope, on their firſt Arrival, offered them a Guard, which they rejected, ſaying they had that within them that would protect them from all Injury: There was alſo an Houſe provided and a Table appointed for them, both which they modeſtly refuſed. How they ſubſiſt, or what their Reſources are, is a Myſtery to every one. They appear in public every Day, but ſeem no ways ſtruck with the Grandeur of the public Edifices, which they ſay fall very ſhort of the Magnificence of the Antients. They ſpeak every Language, the Dead as well as the Living; their Greek is very different from any Thing now ſpoken, and is ſuppoſed to be the ſame as in the Time of Homer; at leaſt this is the Opinion of the learned Father the Jeſuit Saluzzi, who has frequent Converſations with them, and delights much in their Company. They are perfect Maſters of the Hiſtory of all the Nations, and what they relate agrees ſo well with the Facts we know, that there is no room to doubt of their Veracity. They are Maſters of all the Sciences in an eminent Degree. They ſay they are not to ſee the fulfilling of their Prophecies, but are to be put to Death by the unbelieving Inhabitants of a great City: What they are or whence they came, is impoſſible for to determine. Multitudes are flocking hither from all Parts, and are far from thinking them Impoſtors; I have ſeen them, and notwithſtanding their great Age, they are to outward Appearance, in full Poſſeſſion of the Strength and Vigour of Twenty-five."

BOSTON, *Auguſt* 17.

Saturday laſt Captain Cole arrived at Marblehead in 31 Days from Corunna, in Spain, by whom we learn, That the King George Privateer of 32 Guns, belonging to Briſtol, had taken and carried into Caminha, on the Coaſt of Portugal, a large French outward bound Eaſt Indiaman, valued at 60,000 *l.* Sterling. The Engagement laſted 6 Hours, in which Time the French had 60 Men killed and wounded, and the Engliſh 10 killed, and 20 wounded; She was taken about 20 Leagues to the Weſtward of Cape Finiſterre, and they had but juſt Time to take the Priſoners on board the Privateer, when her Maſts fell over her Sides; and both Privateer and Prize went in under Jury Maſts.

The ſame Day arrived here Capt. Doubleday, in 6 Days from Halifax, by whom we learn, that his Majeſty's Ship the Dublin, of 74 Guns, Edward Gaſcoigne, was arrived there from the Weſt-Indies. She is to tarry there till cleaned, and will then take the Trade for the Weſt-Indies under Convoy.

Captain Fulgham arrived at Plymouth laſt Week from Cadiz: On his Paſſage thither about 3 Weeks ago he was

taken by a Letter of Marque French Brig on the Banks of Newfoundland, but ranſomed his Veſſel. Two Days after, he likewiſe met on the Banks a French 60 Gun Ship, and a 36 Gun Frigate, who brought him to.

Capt. Price arrived here laſt Night from Maryland, who informs, that nine Days ago he ſpoke with Capt. Hallowell off the Capes of Virginia, all well on board.

NEW-YORK, *Auguſt* 24.

Tueſday laſt the Earl of Halifax Packet Boat, Captain Boulderſon, left this Port with the Mail for Falmouth.

Between three and four o'Clock laſt Friday Morning, a Fire broke out in the Houſe of Mr. Chriſtopher Smith, in French Church Street, in this City, which intirely conſumed the ſame, and the Houſes of Mr. Fewter, and Dr. Van Dyke, adjoining thereto, the Fire having got to a very great Head before it was diſcovered, notwithſtanding the City Watch was not 200 Yards diſtant from the Place where it began.

The Loſs of Mr. Smith is vaſtly great, for beſides near 150 Pieces of Sail Duck, little or nothing of his Houſhold Furniture, Plate, or the Wearing Apparel of his Family, is ſaved.

Mr. Fewter has loſt conſiderably, and tho' good Part of his Furniture was ſaved, we hear ſeveral Pieces of Plate are miſſing, ſuppoſed to have been carried off by ſome ſuch Villains as were detected in carrying off a Bag of Dollars out of the Ruins of Mr. Smith's Houſe the ſame Morning.

Doctor Van Dyke's Loſs is moſtly that of his Houſe, and being obliged to pack up and carry off his Goods in great Confuſion.

And on Friday between Twelve and One, another Fire broke out in the Houſe of Mr. Peter Low, Baker, in Broad-Street, which was ſoon extinguiſhed, and was ſuppoſed to have had its Riſe from ſome Sparks of the Fire that happened in the Morning, as the Wind was that Way.

Extract of a Letter from Oſwego, dated July 21.

"On Friday laſt Sir William Johnſon arrived here in good Health, and this Day, about four in the Afternoon, he embarked on board the Anſon Schooner, for Niagara; as did alſo Colonel Eyre, Chief Engineer. Sir William I am informed, is taking a Tour quite round from Niagara to Fort Detroit, and round by Pittſburgh, we ſuppoſe, to quiet the Indians, who ſeem uneaſy, by the Perſuaſion of the French, that they, the Indians, will all be either enſlaved or cut off, if they ſuffer us to go on and make ſuch large Conqueſts in their Country.——The greateſt Part of Gage's Light Infantry, which arrived here laſt Week, with Major Gladwin, embarked this Morning by Sun-riſe on board Battoes for Niagara; the Major went on board the Anſon. A Party of Iriſh are to follow Sir William to Detroit. Beſides the Anſon, we have another Schooner and a Sloop belonging to this Garriſon."

Part of a Letter from Antigua.

"——This Quarter of the World affords us few Tranſactions, although for ſome Months we have had great Expectations of its being the Scene of buſy Action; but ſuch Thoughts are now vaniſhed, for this Seaſon at leaſt, and the Enemy will probably keep Poſſeſſion of their Iſlands another Year. One of our Ships of War has been to viſit the different Iſlands, while the reſt of the Squadron have little to do.—We wiſh the Armament was employed on ſome Attack, equal to its Importance, and the Expence of ſupporting it here. The French have had two Line of Battle Ships in theſe Seas, but have had the good Luck to eſcape us all. They continued a great Time at Granada, and then went to St. Domingo. The Temple of 70 Guns, and Arundel of 20, chaſed them; but the Enemy was not in a Humour to be ſpoke with, which might be lucky for our Ships, as they were of ſo inferior a Force. Monſieur La Touche, Governor of Martinico, has lately received 2200 Troops.

PHILADELPHIA, *Auguſt* 27.

Yeſterday arrived here the Ship Culloden, Capt. Bachop, from Liverpool and Londonderry. On the 18th of July, in Lat. 42, Lon. 36, Capt. Bachop was taken by the La Sage, Capt. Legat, a French 64 Gun Ship, from Port Louis for Old France, who took out all the Goods, ſhipped at Liverpool and Londonderry, to a conſiderable Value, and then ranſomed the Ship for 880 Guineas.

The La Sage alſo took Capt. Sheldon, in a Sloop from New-York for Liſbon. The Brig Sally, Capt. Welch, from this Port, for Jamaica. A Ship from Virginia, ranſomed for 650 l. A Sloop from New-Haven for St. Kitt's, ranſomed for 400 l. And a Brig from South-Carolina, ranſomed for 560 l. The above French Ship came out from Port Louis in Company with a 74 Gun Ship and two Frigates, who eſcaped while our Men of War were taking care of two or three ſmall Flag-Veſſels in the Bite. They parted Company off Cape Hatteras, and it is feared the other three may have taken many more of our Veſſels.

WILLIAMSBURG, *Auguſt* 21.

On Wedneſday Se'nnight Died, at his Houſe in this City, WILLIAM HUNTER, Eſq; one of his Majeſty's Deputy Poſtmaſters General of the Continent of *North-America*, and Printer to the General Aſſembly of this Colony; a Gentleman endowed with many amiable Qualifications, which render his Death much regretted by all who had the Pleaſure of his Acquaintance.

ANNAPOLIS, *September* 3.

On Monday laſt an Expreſs went from hence by Water, for *Hampton*, with a Petition ſign'd by Twenty-nine Maſters of Tobacco Ships, to Capt. *Norton*, of the *Aſſiſtance*, to put off his Sailing as Convoy to the 10th of *October*: The Time being ſo ſhort this Year, but few could get loaded in Time. And we hear an Expreſs, of the like Nature, was ſent laſt Week from *Frederickſburg*.

"*This is, to prevent all further Trouble, to aſſure thoſe* "*concerned that the* 20th *Day of* September *next will certainly be the Day of Sailing for his Majeſty's Ships under* "*my Command, and all the Trade then ready, as was advertiſed in my firſt Arrival in this Place.——Given under* "*my Hand, in* Hampton *Road*, Virginia, *the* 19th *Day of* "*Auguſt*, 1761. Fairfax County *(Virginia) Auguſt* 11, 1761.

RAN away from a Plantation of the Subſcriber's, on *Dogue-Run* in *Fairfax*, on Sunday the 9th Inſtant, the following Negroes, *viz.*

Peros, 35 or 40 Years of Age, a well-ſet Fellow, of about 5 Feet 8 Inches high, yelloviſh Complexion, with a very full round Face, and full black Beard, his Speech is ſomething ſlow and broken, but not in ſo great a Degree as to render him remarkable. He had on when he went away, a dark colour'd Cloth Coat, a white Linen Waiſtcoat, white Breeches and white Stockings.

Jack, 30 Years (or thereabouts) old, a ſlim, black, well made Fellow, of near 6 Feet high, a ſmall Face, with Cuts down each Cheek, being his Country Marks, his Feet are large (or long) for he requires a great Shoe: The Cloathing he went off in cannot be well aſcertained, but it is thought in his common working Dreſs, ſuch as Cotton Waiſtcoat (of which he had a new One) and Breeches, and Oſnabrig Shirt.

Neptune, aged 25 or 30, well-ſet, and of about 5 Feet 8 or 9 Inches high, thin jaw'd, his Teeth ſtragling and fil'd ſharp, his Back, if rightly remember'd, has many ſmall Marks or Dots running from both Shoulders down to his Waiſtband, and his Head was cloſe ſhaved: Had on a Cotton Waiſtcoat, black or dark colour'd Breeches, and an Oſnabrig Shirt.

Cupid, 23 or 25 Years old, a black well made Fellow, 5 Feet 8 or 9 Inches high, round and full faced, with broad Teeth before, the Skin of his Face is coarſe, and inclined to be pimpley, he has no other diſtinguiſhable Mark that can be recollected; he carried with him his common working Cloaths, and an old Oſnabrigs Coat made Frockwiſe.

The two laſt of theſe Negroes were bought from an *African* Ship in *Auguſt* 1759, and talk very broken and unintelligible *Engliſh*; the ſecond one, *Jack*, is Countryman to thoſe, and ſpeaks pretty good *Engliſh*, having been ſeveral Years in the Country. The other, *Peros*, ſpeaks much better than either, indeed has little of his Country Dialect left, and is eſteemed a ſenſible judicious Negro.

As they went off without the leaſt Suſpicion, Provocation, or Difference with any Body, or the leaſt angry Word or Abuſe from their Overſeers, 'tis ſuppoſed they will hardly lurk about in the Neighbourhood, but ſteer ſome direct Courſe (which cannot even be gueſſed at) in Hopes of an Eſcape: Or, perhaps, as the Negro *Peros* has lived many Years about *Williamſburg*, and *King-William* County, and *Jack* in *Middleſex*, they may poſſibly bend their Courſe to one of thoſe Places.

Whoever apprehends the ſaid Negroes, ſo that the Subſcriber may readily get them, ſhall have, if taken up in this County, Forty Shillings Reward, beſide what the Law allows; and if at any greater Diſtance, or out of the Colony, a proportionable Recompence paid them, by

GEORGE WASHINGTON.

N. B. If they ſhould be taken ſeparately, the Reward will be proportioned.

Auguſt 10, 1761.

RAN away laſt Night, from the Subſcriber in *Baltimore-Town*, a Convict Servant Man named *John Nelſon*, by Trade a Gardener and Brick-maker, aged about 30 Years, of a brown Complexion, and is a ſtraight-bodied Man: Had on when he went away, a Cloth Coat of a browniſh Colour, a black figur'd Velvet Jacket, a Pair of Claret colour'd Cloth Breeches with Silver Buttons; an Oſnabrig Shirt, a Pair of bluiſh Worſted Stockings, new Shoes, a dark Grey Wig, a Felt Hat about Half worn, and a dark colour'd Great Coat. He came into the Country this Summer, and it's likely he has got a forged Paſs.

As a large Grey Stallion is miſſing, branded on the near Buttock T R, it is ſuppoſed he is ſtole and rode away by the ſaid *Nelſon*.

Whoever takes up and brings home the ſaid Runaway, ſhall have Ten Shillings if taken within 10 Miles from home, Twenty Shillings if taken within 20 Miles, and Forty Shillings if taken at a greater Diſtance from home, beſide what the Law allows, paid by BENJAMIN ROGERS.

Auguſt 13, 1761.

WHEREAS the Subſcriber's Store at *Indian-Landing*, was broke open in the Night between the 10th and 11th Inſtant, and ſeveral Things taken out. Whoever apprehends the Thief, ſhall, on his being convicted of the above Robbery, receive of me a Reward of TEN PISTOLES, and if any of the Perſons concerned in the ſaid Robbery, will turn Evidence, ſo as to convict their Accomplices, they ſhall be intitled to the ſame Reward. RALPH FORSTER.

TO BE RUN FOR,
On Thurſday the Tenth of September, *at* PIG-POINT,

The Horſes, *&c.* to be entered the Day before the Race with RICHARD WELLS.

RELIGION, the crowning Excellence of intelligent Nature, claims the Approbation and cloſe Attention of every reaſonable Being, who expects future Bliſs. We are bound from Principles of Gratitude and Intereſt to promote the Honour and Worſhip of the ſupreme Mind, as neceſſary to our own Proſperity, the Good of Society, and future Happineſs of Man. Animated by theſe intereſting Motives, we, of the Preſbyterian Perſuaſion in this Town, deſire, not from Party Views, but from real Principle, to purchaſe a Lot of Ground to erect a decent Church for Divine Service, in which we may worſhip GOD according to our Conſciences. Upon Enquiry we find ourſelves as yet inſufficient to raiſe ſuch a Sum as is neceſſary to accompliſh ſuch an important Deſign, beg Leave therefore to ſollicit the Generoſity of our Fellow-Chriſtians to aſſiſt and encourage us in compleating a ſmall Lottery, at a Time when the Benevolence of our Countrymen is ſo well tried in this Way. We hope our Claim to the public Attention is equal to any that has ſollicited their Notice, and humbly expect that we ſhall meet with general Encouragement.

MARYLAND GAZETTE,

THURSDAY, *September* 10, 1761.

LONDON, *May* 28.

The following Declaration of the French King to the Court of Sweden, delivered by his Ambaſſador at Stockholm, on the 4th of February, ſeems to have laid the Foundation of the Negociations which have ſince been carried on for aſſembling a Congreſs; and is in itſelf a State-Paper of ſome Importance.

THE Moſt Chriſtian King, moved by the Calamities of War, which are every where ſufficiently known, thinks it his indiſpenſable Duty to inform his Allies, and particularly the King and Crown of Sweden, that his Humanity, as well as his Regard to that Nation in particular over whom he reigns, makes him deſirous that all his Allies would concur with him in reſtoring Peace to Europe.

"As to the adjuſting of the Differences which concern France and Great-Britain only, his Majeſty will abundantly ſhew his Moderation on that Head, when Great-Britain diſcovers any Diſpoſition to liſten to reaſonable Terms.

"For which Reaſon, his Majeſty is principally deſirous to lay before his very faithful Allies his Sentiments of the German War; both as a Guarantee of the Peace of Weſtphalia jointly with the Crown of Sweden, and relative to the Treaties and Engagements he hath entered into with the Empreſs Queen, the Empreſs of Ruſſia, and the King of Sweden.

"In the Courſe of this War, his Moſt Chriſtian Majeſty, and the Crown of Sweden, have done their utmoſt to perform the Obligations of their Guaranty, both with Regard to the Support of the Three Religions eſtabliſhed in the Empire, and to the neceſſary Meaſures for oppoſing, with a ſufficient Force, the Invaſions of the Pruſſians, and weakening the King of Pruſſia ſo much, as to leave no room to apprehend his future Enterprizes.

"Nothing now remains to complete the full Diſcharge of thoſe Obligations, but to procure Indemnification to his Majeſty the King of Poland and the Empreſs Queen. On this Head, his Majeſty applies, with the utmoſt Frankneſs, to the King and Crown of Sweden, and to his other Allies, in order to ſettle thoſe Indemnifications on a ſolid Footing, and to conſult together on the Nature of them, and the Poſſibility of their being obtained. And on this Occaſion his Majeſty thinks it indiſpenſably neceſſary to conſider how far the Indemnifications demanded may be conſiſtent with the Intereſt of the Guarantees of the Treaty of Weſtphalia, as that Treaty doth not oblige them to ſacrifice the eſſential Intereſts of their own Dominions to procure ſuch ample Indemnification as the injured Powers may think themſelves entitled to claim.

"However ſacred the Engagements his Majeſty hath entered into may be, ſtill they are ſubject to the natural Laws of Poſſibility. As ſoon as the Security ſought appears to be an Object not near, the Allied Powers ought to communicate to one another their inmoſt Thoughts, in order to their taking in Concert, without Breach of their Engagements, a Reſolution to put an End, by a Treaty of Peace, to the Calamities of War; and to prefer the Welfare of their Subjects to the Glory and Advantages they may derive from continuing the War, eſpecially as Experience hath too often ſhewn, that the moſt juſt, and the beſt concerted Schemes, have, in an Inſtant, been defeated by the Caprice of Fortune.

"In the preſent Situation of the Alliance, the King is of Opinion, that common Humanity, and a Regard to the general Welfare, require his Allies to concert with him a Plan of Pacification, to which all the Members of the Alliance may give their Conſent; and to labour to ſtrengthen, if poſſible, the Bands of Alliance between France, the King and Crown of Sweden, the Empreſs Queen, and the Empreſs of Ruſſia.

"His Majeſty doth not think it poſſible for the Events of the enſuing Campaign to change the Situation of the Alliance. An Accumulation of Diſtreſs to unhappy Subjects, an additional Depopulation of Countries, the Impoveriſhment of the Finances of ſeveral Powers, and the greateſt Doubt, whether, after all theſe Diſaſters and Calamities, a Peace can be made in Germany more advantageous to the Powers in the Alliance, than at preſent; all theſe Things induce the King to declare, that he is conſtrained to leſſen his Subſidies, and that the Proſecution of the War hath conſiderably diminiſhed the Sources of his Finances; ſo that his Majeſty cannot promiſe, in caſe the War ſhould continue, an exact Compliance with the Letter of his Engagements.

"The Sum of the whole is, That in Return for the Confidence which his Majeſty expreſſes towards the Crown of Sweden, that Crown would immediately declare its Sentiments on this Head; and that the King of Sweden, animated by a Zeal equal to his Majeſty's, for the Welfare of Europe, would conſent to ſacrifice his perſonal Intereſts, as his moſt Chriſtian Majeſty is determined to do; being otherwiſe firmly reſolved, in caſe the Enemies of the Alliance ſhould refuſe to enter into his pacific Views, to employ, jointly with his faithful Allies, his whole Force to compel them to it; and he earneſtly entreats his Allies to redouble their Efforts, to put themſelves in a Situation ſuitable to their natural Strength, and the great Object in View."

Two Days after the Delivery of this Memorial, the King of Sweden gave for Anſwer, That it was his Intention to join with the moſt Chriſtian King, and his other Allies, in proper Meaſures for bringing to a happy Concluſion the ſalutary Work of Peace.

Extract of a Letter from a Merchant at Theſſalonica, the Capital of Macedonia, to his Friend in London.

"Conſiderable Havock has been made here by the Plague, but it is now pretty well over; but, what with the Earthquake of laſt Year, the rumbling Noiſes ſtill heard, and ſeveral ſevere Shocks which happen almoſt every Day, the Country is become deſolate, and the beſt Part of this magnificent City laid in Ruins. It is a moſt diſmal Sight, to behold ſtately Palaces, and noble Buildings levelled with the Ground, beſides Numbers of Perſons of various Quality, that are buried in the Ruins, and the Stench of whole Carcaſes occaſioned the additional Misfortune of the above-mentioned Plague; the latter, however, being, thank God, now abated, Numbers of Perſons are employed in removing the Rubbiſh, in order to recover their Jewels and other valuable Effects. The Baſhaw and principal Inhabitants are likewiſe doing all they can to reſtore Things to their former Order. Yeſterday we were terribly alarmed by a prodigious Ball of Fire, which roſe from the Earth in the S. E. Part of the City, and directed its Courſe horizontally towards the Weſt, where entering a dark black Cloud, it burſt with a prodigious loud Noiſe, attended with Thunder, and Flaſhes of Fire: This was followed by ſo violent a Shower of Rain, that it threatened a ſecond Deluge. God preſerve us, my dear Friend, amidſt this Complication of Troubles!"

June 4. There never was a more brilliant Birth-Day than this, both Ladies and Gentlemen ſeeming to vye with each other who ſhould make the moſt ſplendid Appearance. Such an amazing Number of Jewels which the Ladies wore, as Noſegays in their Boſoms, &c. were ſcarce ever before collected at one Time. Moſt of their Clothes were Gold and Silver Brocades, ſome of which coſt ſeven Guineas a Yard.

June 18. An Expreſs is gone to Belleiſle, with Inſtructions to General Hodgſon, for the preſent Regulation of the Government of that important Acquiſition, and by the ſame Veſſel ſeveral medicinal Cheſts, with ſome Surgeons, &c. are gone. It is further ſaid, that a Letter of Thanks, ſigned by his Majeſty, is alſo gone there, with an Order for the ſame to be Read at the Head of the ſeveral Corps upon that Iſland, and a like Letter to the Gentlemen, &c. of the Navy.

Yeſterday a Man, who appeared too Inquiſitive in meaſuring ſome of the Cannon at the Tower, &c. was taken into Cuſtody by the Centinel, in order to give an Account of himſelf.

We hear the Grand Expedition Fleet fitting out at Portſmouth, is to join that of Commodore Keppel off Belleiſle, in order to fruſtrate any Deſigns forming by the French Men of War at Breſt and Rochefort, which, according to ſeveral Reports, were ready to put to Sea upon ſome great Enterprize.

Other Reports ſay, that Dunkirk is the Object of our ſecond Expedition, and that ſeveral ſmall Fleets will ſail to other Places, and make Deſcents on various Parts of the French Coaſts, ſo as to oblige them to withdraw their Troops from Germany.

CHARLES-TOWN, *in South-Carolina, Auguſt* 1.

Saturday arrived here the Marquis of Granby, Captain Robert Dodſon, from Africa, who informs us, that ſome Time in the beginning of May laſt, one of the French King's Frigates, called L'Amethiſte, of 32 Guns, with 300 Men, commanded by Monſ. Euxaudie, came upon the Coaſt with the Lady Auguſta Packet, for the Weſt-Indies, which ſhe had taken on her Way; and on the Gum Coaſt, took the Snow Trial, of London, Capt. Webſter: That from thence ſhe proceeded to Senegal, and off that Bar took the Friendſhip, Capt. Stubbs, a Store Ship, as ſhe was landing her Stores for the Fort; and after ſhe had put what Money ſhe had brought, aſhore: That ſhe then went to Goree, but the Fort there firing upon her ſmartly, protected ſeveral Trading Veſſels: From thence ſhe proceeded to Gambia, and on her Way took the Schooner Nancy, of Poole, Capt. Cherry, which ſhe ſunk with the Store Ship, giving the ſeveral Captains a Long-Boat, in which they got to Goree: That on the 21ſt of May ſhe came to an Anchor off the River Gambia, and ſent in the two Snows, Lady Auguſta and Trial, with 100 Men in each, to ſurprize James's-Fort; but the Governor having received Notice the ſame Day of the ſaid Frigate's being on the Coaſt, and the two Snows being brought to an Anchor before it was Dark oppoſite to the Fort, through the Ignorance of the Pilot, who thought ſhe was not yet ſo high up, they were ſuſpected and properly hailed; they on board gave proper Anſwers in Engliſh, but not ſending their Boats on Shore as deſired, a Shot was fired from the Fort, which not being regarded, was ſucceeded by a briſk Cannonade, whereupon the Frenchmen finding themſelves diſappointed, made the beſt of their Way back; but the Trial ran aground and was recovered by Governor Debat: And that the Frigate and Lady-Auguſta proceeded the next Day down the Coaſt, and 'twas feared would make many Captures.

On Tueſday laſt a French Privateer Schooner appeared off this Bar, in Sight of the Town, and chaſed in Mr. Duval's Pilot-Boat and ſeveral Fiſhermen.

Yeſterday arrived here the Brig Quebec, Robert Farbridge, Maſter, from London, who on the 11th ult. in Lat. 31: 45 N. and Long. 72 and 57 W. from London, was taken by a French Privateer Schooner, called La Parfaite, Monſ. Laurent Le Fort Commander, belonging to Port-au-Prince, mounting 8 Carriage and 12 Swivel Guns (but had thrown 4 of her Carriage Guns overboard) and carrying 100 Men, who had taken 6 Prizes before: After having plundered the Veſſel, they ſuffered Capt. Farbridge to ranſom her for 100 l. Sterling, which they told him made 3000 l. they had got for Ranſoms in their preſent Cruize. Laſt Tueſday, this Bar bearing W. by S. Four Leagues, Capt. Farbridge was brought to by another French Privateer from Port au-Prince, a ſmall Schooner, rigged like a Galley, of two Carriage Guns and full of Men, called La St. Barbare, M. Ainaſſa Commander. She detained him about two Hours, and then ſtood to the Eaſtward. Ainaſſa told Farbridge, that La Parfaite was his Conſort; that he had not yet taken any Veſſel, but had got 20 Negroes from our Coaſts.

This Day the Hon. the Commons Houſe of Aſſembly voted the Sum of 3000 *l.* for immediately fitting out a Veſſel of War to go in Queſt of the French Privateers that now infeſt the Coaſt; and the Public to inſure the Veſſel that ſhall be fitted out.

Auguſt 8. *Our Letters from North-Carolina inform us, that the Regiment of* 500 *Men to be raiſed by that Government was compleat, and would march to join the Virginians under Colonel Byrd, as ſoon as they could be provided with Arms.*

We have no Advices from the Camp near Fort Prince George later than the 15*th ult. But News may now be hourly expected from thence, as the Mankiller and White-Owl of Keowhee were to return the* 29*th, with Anſwers to the Meſſage Colonel Grant had ſent to the Valley and Over-Hills; wherein, we hear, he told them, "That although it was eaſy for him to deſtroy the Reſt of their Towns, of thoſe in the Middle-Settlements which might have been ſpared, had not ſome of their raſh young Men been mad enough to fire upon his Army on their way to Etchowih; yet being unwilling to involve the Innocent with the Guilty; if they had any Talks to ſend him, he would ſtill hear them; but if they did not, by the Return of the ſaid Meſſengers (in* 15 *Days) ſue for Peace, then he would re-enter their Country, and deſtroy all their Towns, &c. in the Valley."*

'Tis now confidently ſaid, that Colonel Grant will certainly make another Incurſion into the Cherokees Country, &c. it being apprehended, that the Diſtruction of the Settlements and Proviſions in the Valley, will ſo heighten their Sufferings, that they will ſoon after be reduced and glad to ſend Talks which may be heard.

The Expreſs from Governor Wright laſt Week, we hear, was to adviſe, that a French Privateer Schooner (lately from St. Auguſtine) of 2 *Carriage and* 6 *Swivel Guns, with* 30 *Men, had anchored at Cockſpur, within the Bar to Savannah, on the* 26*th ult. and taken five of Mr. Tucker's Negroes, who went on board upon being told ſhe came from Providence; that ſhe took Mr. Edward Tucker and four of his Negroes the ſame Day, and likewiſe a Boat that was out on a Party of Pleaſure, with ſeveral white Perſons, among others Mr. M'Carty of Savannah, and* 3 *Negroes belonging to him; that they made Prize of all the Negroes, of which* 2 *or* 3 *were good Pilots for this Bar and Coaſt, but let their white Priſoners at Liberty, after plundering them; that ſome of the Men went up to Savannah the ſame Night, to cut out ſome of the Veſſels lying there, but finding them all unrigged, went off without making the Attempt; and that the next Day the Privateer ſailed from Cockſpur, to cruize (as was rightly ſuppoſed) this Way.*

Upon ſome freſh Accounts received of French Privateers being on the Coaſt, on Wedneſday laſt an Application was made to Capt. Campbell of his Majeſty's Ship Nightingale; in Conſequence of which the ſaid Ship will forthwith put to Sea to cruize off this Bar, and this Day ſhe dropt down into Rebellion-Road.

The ſame Day the Schooner Sally of this Port, was taken into the Government's Service, and is now fitting out, to go upon a Cruize, under the Command of Capt. Clement Lemprière.

His Majeſty's Ship Zephyr, Capt. Greenwood, arriving off the Bar laſt Tueſday, from Providence, ſhe is likewiſe to cruize ſome Time to ſcour the Coaſt. She ſailed from the Bar Yeſterday.

'Tis ſaid, that 3 *or* 4 *Privateers from Cape-François, are cruizing on theſe Coaſts, from St. Auguſtine to the Capes of Virginia, viz. a Pink-ſtern'd Brigantine of* 8 *Guns, la Parfaite, a like ſtern'd Schooner of the ſame Force, but has loſt* 4 *of her Guns; a Sloop of ſix; and la Sainte Barbare of two, rigged like a Galley, their Crews are half Spaniards; beſides ſeveral from Martinico.*

Auguſt 12. Since our laſt a Perſon arrived from Fort Prince George, which he left the 1ſt Inſtant. A private Letter by him to a Gentleman here dated at the Camp July 31, ſays, "On the 21ſt Old Cæſar arrived here with a Talk to Col. Grant from Oucannoſtota ſuing for Peace; and on the 23d Cæſar ſet off with the Colonel's Anſwer; he expected to be at Hywaſſee in five Days, where the Headmen and Warriors were to meet him; they are allowed 13 Days from the 23d to come down to ſettle Preliminaries.

"Old Cæſar informed us, that Attakullakulla, Willanawaw, Oucannoſtota and himſelf, were coming down to Col. Grant, and were within 20 Miles of the Army when they heard of the Action at Cowhowee, on which they all returned, determined to remain quiet, and let the People of the Middle Settlements take the Conſequence of their own Folly. That the Inhabitants of the Towns we deſtroyed were in the utmoſt Diſtreſs, having ſcarce any Thing to eat, but ſuch Roots as they could pick up in the Mountains, the Horſe Fleſh they uſed to ſubſiſt on being moſtly gone: Many old People and Children dead and dying daily, and the young Men

Men and Women that were ſtrong and hearty, much reduced and weakened. That Salboue was gone out with a Party to hunt, but it was ſuſpected to ſkulk near the Army to ſcalp Horſes, or try to take Scalps, but, that the Nation would kill him, if he did the leaſt Miſchief. That the white People were too ſtrong for the Indians at the Battle and forced them to run off; many Indians were killed, and many more ſhot in the Legs.—We are employed on the Fort which is about half a mile long.

"This Afternoon came to the Fort in 12 Days from Col. Byrd's Camp two Cherokees with Letters from him to Col. Grant; by which it appears the Warriors of the Overhills have been very ſolicitous with him for a Peace, but he told them it was not in his Power, but they muſt come to Colonel Grant with all Expedition, otherwiſe their whole Nation would be deſtroyed. Theſe two Indians paint their Nation's Diſtreſs in the moſt diſmal Colours; and ſay if we will not grant them Peace they will be all ruined."

BOSTON, *Auguſt* 24.

Wedneſday laſt a Ship arrived at Marblehead from St. John's, which ſailed from thence the 24th of July, with a Fleet of upwards of 200 Sail of Merchantmen, under Convoy, bound to Europe, and ſeveral Ports on the Continent.

Several others have alſo been lately taken, but their Names not known.

A Letter from Gibraltar, dated the latter End of May 1761, ſays, "We have an Account of a French 64 Gun Ship from China being taken by two of our Frigates, and carried into Oporto, loaded richly with China Goods.

A Deſcription of ſeveral French Privateers which ſailed from Martinico to cruize on the Northern Coaſts.

A Sloop of 14 Guns, Yellow Bottom, a gilt Sun on her Stern, commanded by a Louiſbourg Captain, who was in Nantaſket the beginning of the War, his Name Semina.

A Sloop of 12 Guns, one Side Lampblack and Tallow, the other Side White Lead and Tallow, looks very much like a Northern Sloop, and ſails faſt.

A Schooner of 12 Guns, formerly a Marblehead Fiſherman, one Side of her upper Works black, and the other yellow, and white Streaks; a Seahorſe on her Hawſe-holes, and looks very much like a Fiſherman on the painted Side.

A Letter from Taunton, *Auguſt* 14, 1761.

"There happened here on the 7th Inſtant a ſurprizing Inſtance of Mortality; one Mr. James Walker having digg'd a Well about 22 Feet deep, but by Reaſon of the Drought the Water fail'd, he in digging of it deeper was oppoſed by a Rock, which, in order to ſoften, he made a ſmall Fire in the Morning at the Bottom of the Well, and about 12 o'Clock, the Fire being gone out, he went down into the Well to ſee what Operation it had upon the Rock; being got to the Bottom, he ſaid he ſmelt no ſmoke, but his Eyes ſeemed to ſmart; and immediately he eſſay'd to come up; having aſcended 7 or 8 Feet he fell, and ſeemed as one ſtunn'd;—Whereupon there went a young Man down to his Aſſiſtance, and immediately took him in his Arms in order to bring him up, and he ſeemed to ſwoon away, and fell with him;—Whereupon there went another young Man to their Relief, who ſuffered the like Fate. Now there being three Men in the Well, and the Neighbourhood being alarm'd, the Queſtion was, who would riſque his Life to aſſiſt his Neighbours. A Negro Man ſoon conſented, and a Rope being made faſt to him, he went down and made it faſt to the two young Men, who were immediately drawn up: The Negro then failed himſelf, and was drawn up. A young Lad inſtantly went down and made faſt the Rope to Walker, who was drawn up without any Symptoms of Life, except a Gaſp for Breath. Both the young Men were alive, tho' much diſorder'd in their Lungs, and there was a general Stagnation of the Blood in the capilary Blood Veſſels, and a *ſubſultus tendinum*.—Upon ſome Queſtions that aroſe, what ſhould be the Reaſon of this deadly Quality in the Well, ſeveral Experiments were try'd. It was found four Days after the above Date, that it would extinguiſh the Blaze of a Candle, when let down 2 Fathom from the Top of the Well: That a Chicken, a Cat, or other Animal, like one ſtunn'd, would fall down and loſe all Motion, except a faint Beating of the Heart and Arteries, which, if the Animal were left longer, would ceaſe too. When the Animals were taken out, after lying 2 or 3 Minutes, their Limbs would be ſtiffened, a great *ſubſultus tendinum*, and once in a while a Gaſp for Breath; but if thrown immediately into cold Water they would preſently revive."—

"N. B. One of the afore mentioned young Men is ſince blind, and his Life is much deſpaired of.

"It is hoped the Curious will give the Public their Opinion relative to this Vapour."

RELIGION, the crowning Excellence of intelligent Nature, claims the Approbation and close Attention of every reasonable Being, who expects future Bliss. We are bound from Principles of Gratitude and Interest to promote the Honour and Worship of the supreme Mind, as necessary to our own Prosperity, the Good of Society, and future Happiness of Man. Animated by these interesting Motives, we, of the Presbyterian Persuasion in this Town, desire, not from Party Views, but from real Principle, to purchase a Lot of Ground to erect a decent Church for Divine Service, in which we may worship GOD according to our Consciences. Upon Enquiry we find ourselves as yet insufficient to raise such a Sum as is necessary to accomplish such an important Design, beg Leave therefore to sollicit the Generosity of our Fellow-Christians to assist and encourage us in compleating a small Lottery, at a Time when the Benevolence of our Countrymen is so well tried in this Way. We hope our Claim to the public Attention is equal to any that has sollicited their Notice, and humbly expect that we shall meet with general Encouragement.

LONDON, *June* 16.

FROM the Terms of the Turkiſh Manifeſto, and the Nature of the Armament, we may preſume that the Grand Signior intends to attack either the Iſland of Malta, or ſome Italian Power that ſupports it; and therefore the Emperor and the Empreſs Queen have enjoined the Knights of Malta in their Italian Dominions not to ſtir for the Defence of that Iſland, as they cannot at once maintain a Pruſſian and a Turkiſh War: But, if after all the great Buſtle in fitting out a mighty Fleet, the Turks ſhould keep it in Harbour, and ſuddenly order his Armies to advance towards the Danube, the Court of Vienna would then become the Dupe of its Reluctance to make Peace without Sileſia; and the Houſe of Auſtria might poſſibly receive *Meaſure* for *Meaſure*, even the very ſame that they have *manifeſtly* intended for Pruſſia.

Malta is an Iſland in the Mediterranean, ſituated 60 Miles South of Cape Paſſaro in Sicily, and 200 Miles Eaſt of Tunis in Africa. It is of an Oval Figure, 20 Miles long, and 12 broad. It is a white ſoft Rock, covered a Foot deep with Earth, producing Indigo, Cotton, Grapes, Olives, Figs, Lemons, Oranges, and other Fruits; but they have not Corn ſufficient for their own Uſe, nor do they make any Wine, but import both from Sicily. It was ſucceſſively ſubject to the Phœnicians, Carthaginians, and Romans. The Emperor Charles V. gave it to the Knights of St. John of Jeruſalem, after they had loſt the Iſland of Rhodes, which they defended for 200 Years againſt all the Turkiſh Power. They were attacked by Sultan Soliman in 1566; but he was forced to give over his Enterprize, and loſt above 20,000 Men in the Attempt. They are engaged in a perpetual War with the Turks, Algerines, and other Mahometans. The Knights make a Vow of Celibacy, Chaſtity, &c. In regard to Matrimony, they generally keep it, but introduce great Numbers of Grecian Girls, who ſerve them as Concubines. Malta, the Capital City, conſiſts of three Towns, ſeparated by Channels, which form ſo many Peninſulas of ſolid Rock, riſing a great Height above the Sea, and have ſecure Harbours within them, capable of receiving large Fleets; and as the Situation is ſtrong, ſo no Art is wanting to make it impregnable. The Streets are ſpacious, and their Houſes are built of white Stone hewn out of their Rocks. Beſides the City, there are in the Iſland 26 Pariſhes, and between 30 and 40 Villages, containing 50,000 Souls. It is the See of a Biſhop, Suffragan of Palermo in Sicily.

BOSTON, *Auguſt* 31.

By Advice from Quebec, we hear that the Canadians ſay, they have not had, for nineteen Years paſt, equal Eaſe and Leiſure for the Cultivation of their Lands.——That there was a promiſing Appearance of fine Crops of Grain the Beginning of laſt Month.——That the Governor had ſent from Quebec an Engineer by the Chaudiere to Fort Halifax; it is likewiſe talked of another Engineer going from thence to the River St. John, down to the Bay of Fundy; there are Indians employed to aſſiſt and guide the Engineers. We may hope for great Advantages from the accurate Surveys and Obſervations of thoſe Gentlemen, and obtain a certain Knowledge of our own Frontiers, which, 'till very lately, we knew little of, but from the French Accounts.

The Province Ship King George, Captain Hallowell, ſails this Day as Convoy to a Storeſhip bound to New-York.

We hear that a Veſſel is arrived at Halifax, in ſix Weeks and two Days from London; and that ſhe brought Advice, That there were the greateſt Preparations making in England for another very important Expedition.——That M. Buſſy, who it is ſaid was ſent from France to England, to negotiate a Ceſſation of Arms, had not ſucceeded in his Expectations, but was returned to Paris: And that there was great Proſpect of the War ſtill continuing.

We have Advice from Antigua, that from the 14th of June to the 18th of July laſt, no leſs than 23 Sail of the Enemy's Veſſels have been taken by our Men of War and Cruizers, and ſent into that and St. Kitts, four of which were Privateers, beſides two retaken Brigs from Piſcataqua.

Yeſterday Morning his Majeſty's Ship Cheſterfield, Captain Scarfe, ſailed from Nantaſket for Caſco Bay, from whence ſhe is to proceed to England with the Maſt-Ships, and a Number of other Veſſels under her Convoy.

We hear the Merchants of this Place have remitted Home in the Cheſterfield near 100,000 Dollars; and 'tis ſaid the Number would have been much larger, had the Ship ſtaid longer, and Dollars could have been procured.

NEW-YORK, *September* 7.

Wedneſday laſt the General Aſſembly of this Province met here purſuant to Prorogation, when the Seſſion was opened with the following

SPEECH of the Honourable CADWALLADER COLDEN, *Eſq; His Majeſty's Lieutenant-Governor and Commander-in-Chief of the Province of New-York, and the Territories depending thereon in America, to the Council and General Aſſembly of the ſaid Province.*

Gentlemen of the Council, and General Aſſembly,

SINCE our laſt Meeting, I have the Honour of His Majeſty's Commiſſion, appointing me His Lieutenant-Governor. As this is a Mark of the Royal Approbation, my Thanks are due to you, for that effectual Support and Aſſiſtance, ſo readily afforded on your Part, and ſo neceſſary on mine, in the Diſcharge of the weighty Duties of Government.

The Time for which the Forces raiſed in the Province were inliſted, already near expiring, it is not poſſible the regular Troops deſtined for the important intended Expedition, can return before it is elapſed; and as in their Abſence, a ſmall Body of Men will be neceſſary for the Protection of the ſeveral Forts, and the whole Country: His Excellency Gen. AMHERST, by his Letter of the 15th of June, now laid before you, deſires me to recommend your continuing in Pay, for a longer Period, a Company, to conſiſt of 173 Men, including a Captain and three Subalterns; the Quota of this Government, agreeable to the Numbers required of the ſeveral Colonies for this eſſential Service.

Your Meeting could not have taken Place, after the Receipt of the General's Letter, earlier than the Harveſt, a Seaſon ſo inconvenient, that, by the Advice of His Majeſty's Council, who were of Opinion you would not heſitate in complying with this moderate and neceſſary Requiſition, I delayed calling you together till this Time.

Gentlemen of the General Aſſembly,

The Supplies to be granted, bear ſo little Proportion to what we might have expected, and to that Weight of Expence you have hitherto chearfully ſuſtained, that to preſs you to it by Arguments, may be thought injurious to that Zeal for His Majeſty's Service, and the Safety of His Colonies, ſo conſpicuous in your own, and the Conduct of the Repreſentatives of the loyal People of this Province, on every former Occaſion.

The preſent unfavourable Diſpoſition of the Indians on the Borders of Ulſter and Orange, creates great Uneaſineſs among the Inhabitants.——The Information I have received will be communicated, and as ſome Expence may be incurred, in the Proſecution of the Meaſures neceſſary to deter theſe Savages from Acts of Violence, and to bring them back to their Duty, you will conſider whether it may not be prudent, by ſome Fund for contingent Services, to ſtrengthen the Hands of Government, that the moſt effectual Protection may be given to the Settlements on any Emergency.

Gentlemen of the Council, and General Aſſembly,

What appears immediately eſſential for your Deliberation I have laid before you. It would afford me the greateſt Pleaſure to contribute to the Happineſs, Eaſe and Proſperity of the good People of this Province: But as the Powers of Government will, probably, ſoon be lodged in the Hands of Major-General MONCKTON, whoſe Services His Majeſty hath been pleaſed to diſtinguiſh, by conſtituting him his Captain-General and Governor in Chief, I think it improper for me to recommend any Thing to you, which may be delayed without public Inconvenience.

CADWALLADER COLDEN.

Fort-George, New-York, Sept. 2, 1761.

To the Honourable CADWALLADER COLDEN, *Eſq; His Majeſty's Lieutenant-Governor and Commander in Chief of the Province of New-York, and the Territories depending thereon in America:*

The Humble ADDRESS of the Council of the Province of New-York.

May it pleaſe your Honour,

THE Council beg Leave to return you their Thanks for your Speech, and to offer you their Congratulations on your Advancement to the Dignity of Lieutenant-Governor----A Mark not only of the Royal Favour, but of His Majeſty's Approbation of your Conduct, in the Diſcharge of the weighty Duties of Government----The ſame Zeal, and unwearied Diligence, hitherto ſo conſpicuous, we doubt not will be continued throughout your Adminiſtration.

Profeſſing the moſt unſhaken Loyalty to our Sovereign, and fully ſenſible of the Advantages derived to theſe Colonies, from the happy Succeſſes attending the vigorous Proſecution of the War; you may, Sir, rely on our ready Aſſent to the Aid required by the General, whoſe Fortitude, Wiſdom, and Benevolence, have juſtly acquired him the Confidence and Eſteem of His Majeſty's Subjects on this extenſive Continent.

Council-Chamber, New-York, Sept. 3, 1761. | *By Order of the Council,* A. KENNEDY, *Speaker.*

His HONOUR's ANSWER.

GENTLEMEN,

I THANK you for this very obliging Addreſs. Your Loyalty, teſtified on this, as on all Occaſions, and the proper Light in which you conſider the important Advantages derived to theſe Colonies, by the vigorous and ſucceſsful Proſecution of the War, muſt approve you highly worthy of the Confidence repoſed in you by His Majeſty.

With Pleaſure, I join in the Sentiments you ſo juſtly entertain of the General, whoſe diſtinguiſhed Abilities have deſervedly recommended him to the Royal Favour, and gained him univerſal Eſteem and Applauſe. CADWALLADER COLDEN.

Fort-George, New-York, Sept. 4, 1761.

To the Honourable CADWALLADER COLDEN, *Eſq; His Majeſty's Lieutenant-Governor and Commander in Chief, in and over the Colony of New-York, and the Territories depending thereon in America:*

The Humble ADDRESS of the General Aſſembly of the ſaid Colony.

May it pleaſe your Honour,

WE His Majeſty's moſt dutiful and loyal Subjects, the General Aſſembly of the Colony of New-York, congratulate your Honour on your being appointed Lieutenant Governor of this Colony; and it is with Pleaſure we obſerve, that any Support and Aſſiſtance afforded on our Part, and which your Honour is pleaſed to think ſo neceſſary to your Diſcharge of the weighty Duties of Government, have met with your Approbation.

The Requiſition your Honour makes of a Proportion of a ſmall Body of Men, for the Protection of the ſeveral Forts, we have taken into our Conſideration; in which our Loyalty to his Majeſty, and our Duty to our Conſtituents, ſuffered no Arguments

gaments to have Weight, but the Neceſſity of the Service.

When your Honour ſhall have laid before us the Informations you have received of the unfavourable Diſpoſitions of the Indians, we ſhall not fail to give them our moſt ſerious Conſideration, in order to inveſtigate the Cauſes, and apply ſuch Remedies as ſhall be thought neceſſary; for we are ſenſible that a Peace with them, is of the utmoſt Importance to this Colony.

Whatever your Honour ſhall lay before us, as conducive to the Happineſs, Eaſe, and Proſperity of the good People of this Colony, we ſhall be willing at all Times to apply ourſelves to, and ſhall as readily concur with your Honour in every Thing of that Nature, as if the Powers of Government were not for many Years to be lodged in other Hands.

As the Bravery and Conduct of Major General MONCKTON, are well known to have been of ſingular Service to his Country in general, and to theſe Colonies in particular, we confidently hope in his Civil Capacity he will be no leſs zealous in promoting the Welfare of this Colony.

Aſſembly-Chamber, By Order of the General Aſſembly,
City of New-York,
September 4, 1761. W. NICOLL, *Speaker.*

To which his HONOUR was pleaſed to return the following ANSWER:

GENTLEMEN,

I Thank you for the Congratulations in this Addreſs. Your ſo ready Compliance with the General's Requiſition, is a farther Inſtance of your Zeal and Sollicitude for the King's Service, which cannot fail of recommending the People of this Province to His Majeſty's peculiar Favour.

I am confident your warmeſt Expectations from General MONCKTON's *Abilities and Zeal, in promoting the Welfare of this Colony, will not be diſappointed.* CADWALLADER COLDEN.

Fort-George, New-York, Sept. 4, 1761.

On Tueſday Evening arrived here the Schooner John and Elizabeth, Capt. Cooper, in 18 Days from St. Chriſtophers. He reports, that a large French Privateer Sloop, of about 15 Carriage Guns, and 80 Men, had attacked one of our Frigates, ſuppoſing her to be a Merchantman, but was quickly convinced of her Miſtake, and brought into Antigua, and is like to turn out a good Prize.

Between the Latitude 38 and 40, near our Coaſt, Capt. Cooper ſaw two Sloops, which tried to ſpeak with him, but he apprehending them to be Privateers, out ſailed, and left them.

The Privateer Brig Mars, Captain Hanſen, arrived here Yeſterday from a Cruize.

Since our laſt a Victualling Ship arrived here from Cork, in 9 Weeks. She came out with ſeveral others, under Convoy, but parted Company in bad Weather.

His Majeſty's Ship the Devonſhire, of 64 Guns; and the Penzance of 40, now lie at the Watering-Place.

PHILADELPHIA, *September* 10.

On Friday laſt was brought in here by Captain John Blair, a re-taken Schooner, Captain Davidſon late Maſter, bound to Quebec from Guadaloupe; who, on the Eighth of laſt Month, to the Eaſtward of Bermuda, was taken by a French Privateer Sloop, of 12 Carriage Guns, belonging to Martinico. The next Day the ſaid Privateer fell in with the Ship Sarah, Captain Katter, of this Place, bound to St. Chriſtophers, when a ſmart Engagement enſued, which laſted four Glaſſes; and after the firſt Glaſs the Frenchman hung up his bloody Flag, upon which Katter's Men agreed to ſtand by the Ship to the laſt, and accordingly plied the Enemy ſo warmly, that he thought proper to ſheer off, in a ſhattered Condition, after having made ſeveral Attempts to board the Sarah. None of Captain Katter's People received any Hurt; the Loſs of the Privateer not known, but it was thought a principal Officer, and ſeveral of her Hands, were killed. On the 13th of Auguſt Captain Katter, about 75 Leagues South-eaſt of Bermuda, retook, and ſent in the above Veſſel; her Lading Molaſſes, Rum, &c.

The Bedford, Captain Kidd, from Madeira for this Port, is taken, and carried to Martinico.

WILLIAMSBURG, *September* 4.

Extract of a Letter from NORFOLK, *Auguſt* 31.

"Arrived Yeſterday at this Port the Ship Induſtry, Smallwood, the Brigantine Nancy, Blake, and the Sloop ——, Cooper, from Barbados. This Day arrived the Schooner Trial, James Barran Maſter, in 18 Days from Antigua; in which came Paſſenger John Sheep, late Maſter of the Sloop Adventure, belonging to Colonel Robert Tucker of this Place, taken on her Paſſage to Antigua: Capt. Sheep ſays he left Martinico the 3d Inſtant, in his Majeſty's Ship Culloden, which Sir James Douglas had ſent in there as a Flag of Truce; that the Succeſs which the French Privateers had on this Coaſt laſt Spring hath induced them to fit out 10 Sloops and Schooners, carrying 10 or 12 Guns each, to cruiſe off our Capes; and that they were ſo very preſumptive as to declare their Deſtination, and offered his Mate a very high Conſideration to pilot them to Cape Henry. As they were clear to ſail when he left Martinico, doubtleſs they are now near this Coaſt. There can be no Reaſon to doubt the Truth of this, as Capt. Sheep is a Man of known Veracity."

LONDON, *June* 10.

IN the great Room at Vauxhall, a large hiſtorical Painting has lately been put up, repreſenting the Surrender of Montreal in Canada, to the victorious Arms of Great-Britain, commanded by Major-General Sir JEFFERY AMHERST. This Officer, in his Regimentals, is the capital Figure in the Piece: He ſtands at the Front of his Tent, with ſome Attendants, holding in his Hand a Paper, ſuppoſed to be the Articles of Capitulation. On the Ground, at his Feet, are a Pair of French Colours, as Emblems of Conqueſt; before him is a Group of Figures, ſuppoſed to be Inhabitants of Montreal, come to ſupplicate Mercy, who, we may imagine, are in want of Subſiſtence, by a Baſket full of Loaves being placed at his Side, which he ſeems to order ſhall be diſtributed amongſt them. On a commemorating Stone, at one Corner of the Piece, is this monumental Inſcription:

POWER EXERTED,
CONQUEST OBTAINED,
MERCY SHEWN!

MDCCLX.

At the oppoſite Corner is a Cannon mounted on it's Carriage, on which is ſeen flying a Britiſh Enſign. This Painting is ſaid to be done by the ingenious Mr. Hayman; and the Room it is believed will be ornamented with other Paintings of the ſame hiſtorical Kind.

May 28. Yeſterday Morning John Brett was executed at Tyburn, for Forgery:——He was genteelly dreſſed in Mourning, with a Cockade in his Hat, having formerly been an Officer. At the Place of Execution he made a ſhort Speech to the Populace, wherein he owned he was Guilty of the Crime for which he ſuffered, and hoped others would take Warning by him.——

May 30. The unfortunate Mr. Brett, who was executed on Wedneſday laſt, was a moſt accompliſhed Gentleman; he wrote as fine a Hand as moſt Men in England; his Thoughts flowed uncommonly clear and quick; his Diction was admirably good; he underſtood moſt Branches of the Mathematics; and was a good Latin Grammarian, of which he has left ſome Proofs.——

The following imperfect Letter was ſent by Mr. Brett *to a Friend the Day before his Execution.*

My dear Friend!

THIS is probably the laſt Time I ſhall put Pen to Paper——To-morrow——To-morrow——muſt come, when I ſtrall launch into Eternity!——O my dear Friend! it is a dreadful Plunge; Nature recoils at the Thought of a Diſſolution, and the human Frame ſhudders at the Apprehenſion of Annihilation——Annihilation! It cannot be——the Notion is injurious to the Great Creator of the Univerſe. Can we ſuppoſe that Man, formed after his own Image, ſhould be ſent to crawl upon this Earth, for a Moment as it were, and be no more? No, there is certainly a Somewhere, in which we in a higher Station, ſhall be made acquainted with the Purpoſe of our Creation, and enjoy eternal Happineſs. O may this Place be mine! 'It muſt! God is all gracious, merciful and juſt; and will not for the Frailty of a weak Mortal, doom him to an Eternity of Torments. I reſt in this Hope; and tho' my Crimes are manifold, Happineſs awaits me; and who dare to circumſcribe the Power of God, and ſay, I have offended paſt Forgiveneſs? The Laws of Man indeed doom me to Shame and Puniſhment, which I confeſs I have merited; but the Mercy of the Almighty is unbounded, and the Gates of Heaven are open to a repentant Sinner.

My Penitence (if I know myſelf) is ſincere, therefore I doubt not of a Share in Glory ——But till I am called back to Life;——an aged Father's Heart bleeding with Sorrow for an unhappy Son; a Wife——a tender Wife, and two helpleſs Babes, the Darlings of my Hope; theſe, theſe, are left to mourn a Huſband's and a Father's Fate.—— This is too much——left to encounter the Scorn and Reproaches of an ill-judging World. O my Friend! Be thou their Comfort; transfer the Love you once bore for me to thoſe unhappy innocent Sharers of my Diſgrace. I can no more——farewell——a Time will come when we ſhall meet again;——once more farewell; pray for me; and may the Lord receive my Soul into his heavenly Manſions, into thoſe Regions of Bliſs, where I may join in Chorus with Angels and Arch-Angels, in ſinging Hallelujahs to the moſt High.

ST. JAGO DE LA VEGA (Jamaica) July 25.

On Thurſday arrived the private Ship of War Deal-Caſtle, Capt. Mantle, from a Cruize, and brought in two valuable Prizes.

Auguſt 1. On Wedneſday, at Noon, a reputable Shopkeeper in Kingſton, in very good Circumſtances, ſhot himſelf thro' the Head, with a Brace of Piſtol Balls, which carried off moſt Part of the Roof of his Skull. Some Signs of Inſanity were diſcovered in him a few Days before this raſh Action, wherefore the Coroner's Inqueſt returned a Verdict of Lunacy.

BASSETERRE (in St. Chriſtophers) July 25.

Upon the 22d Inſtant arrived in the Road of Baſſeterre, his Majeſty's Ship Levant, John Laforey, Eſq; Commander, and brought in a very large French Privateer Sloop of 12 Guns, 18 Swivels and 58 Men, bound to St. Euſtatia from Martinico, and loaded with Sugar and Coffee. Captain Laforey alſo brought in 57 more French Priſoners, being the Commander and Crew of a French Schooner Privateer of 8 Guns, which he took ſome Days ago, and ſhe is arrived in Antigua.

July 29. The following is an Account of a late Action at Sea between the Privateer Sloop of War called the Pretty Betſy, of 10 Guns, whereof Michael Campbell was Commander, belonging to Baſſeterre, and a Schooner, which is not known.

On Saturday, the 11th of July, in Lat. 14: 13 North, to the Weſtward of St. Vincent's, at Five o'Clock in the Morning, a Sail was deſcried, when the Sloop Pretty Betſy gave Chaſe, and at One o'Clock next Morning came up with her; ſhe proved to be an armed Schooner of 14 Guns. Before the Sloop could take in her ſmall Sails the Schooner, without hoiſting any Colours (then or at any Time after) began a very briſk Fire, which was returned from the Sloop, and the Schooner's Bowſprit getting entangled with the Sloop's Topping-Lift, ſhe fell along-ſide, and began a very briſk Fire, and in a little Time ſtove in all the Sloop's upper Work, from her Stem to her Roundhouſe, which occaſioned the Loſs of the Sloop's Bow Gun, and 3 Swivels. The Captain and ſome of his Officers boarded the Schooner ſeveral Times, but not being ſeconded by his Foremaſt Men, was obliged to retire. The Schooner continued to keep up an inceſſant Fire for about an Hour and Half, which obliged the People on board the Sloop to call for Quarter, but was denied it for ſome Time; altho' they had ſtruck their Colours the Schooner continued to fire upon them for ſome Time before they would venture on board; at length they did, and ordered all Hands immediately into the Hold, where they remained till Eight o'Clock, when one of the Sloop's People ventured upon Deck, and finding that the Enemy was gone, and carried away with them the Sloop's Boat, and the Schooner a little to Leeward of the Sloop, concluded that they meant no other than to ſink her, which was moſt aſſuredly their Intention, but that they conceived from her ſhattered Condition ſhe would ſink in a very ſhort Time. They made ſail, and cut adrift the Sloop's Boat, which was moored a-ſtern of the Schooner, and fired a Shot through her, for fear ſhe ſhould fall into the Hands of the Sloop's People, and thereby ſave the Lives of the remaining Crew.

The Enemy, while they remained on board the Sloop, collected and carried away with them the Mainſail, and all the ſmall Sails, running Rigging, Small Arms, Ammunition, the Sloop's Commiſſion, Log-lines, Compaſſes, Glaſſes, Charts, the Mens Chothes, and in ſhort, every Thing they could. However, as Neceſſity is the Mother of Invention, the wretched Condition the remaining Part of the Crew were in, cauſed them to exert each his Talent to put the Sloop in ſome Sort of Order and Condition, to ſave themſelves and the Sick and Wounded, which through Providence they effected, and in 9 Days after got ſafe to the Iſland of St. Croix. To give a Detail of the Shifts they were put to would be a Work of Time, but in Brief it can only be ſaid, that without any Inſtrument, very little Proviſions and Water to ſubſiſt on, the flying Gib for a ſtanding Gib, and a ſtanding Gib for a Mainſail, they got ſafe into Port.

In this Engagement were killed, Capt. Campbell, William Ward, firſt Lieutenant, Iſaac Anderſon, Gunner, Duncan M'Intoſh, Boatſwain, John Ralph, Thomas Rogers, and John Doudy, Mariners.

Wounded much, George Roach, ſecond Lieutenant; James Dyer, William Egan, Edward Exley, Prize-maſters; John Sloan and David Williams, Mariners; and a Negro Man.

N. B. There is all the Reaſon in the World to believe that ſhe was a Dutch Schooner belonging to Coracoa, by the Number of Mulattoes and Negroes that were on board.

Auguſt 1. On Wedneſday laſt was brought into the Road of Baſſeterre by Captain Alloway, the Sloop Margaretta and Sarah, bound from the Granades to St. Euſtatia.

CHARLES-TOWN *(South-Carolina) Auguſt* 19.

William Greenwood, Eſq; Captain of his Majeſty's Ship Zephyr, who arrived off this Bar the 5th Inſtant, came up the ſame Evening to wait upon the Governor, the Ship remaining at Anchor, and having received from his Honour Information concerning the Privateers ſaid to be on our Coaſt, next Day put to Sea, and on Saturday laſt appeared again off the Bar. Capt. Greenwood had in that Time ranged along the Coaſt as far as St. Auguſtine, and ſpoke with a great many Veſſels, but could get no Intelligence of any Privateers. He ſent Mr. Stewart, his Lieutenant, aſhore at St. Auguſtine, to get what Information he could.—The ſmall Schooner, which did ſome hurt to Georgia, came in there to water, but was immediately ordered out by the Spaniſh Governor. He had then been a Month from Cape-Francois, without taking any thing; and it was believed at St. Auguſtine that ſhe was going to the Northward: The Commander of the Privateer was the Perſon who laſt Year cut the Guiney-man out of Hampton Road, in Virginia. On Saturday Capt. Greenwood proceeded to the Northward on his Cruize.

James Campbell, Eſq; Captain of his Majeſty's Ship Nightingale, agreeable to the Application made to him by the Governor, and his ready Conſent given thereto, as formerly mentioned, proceeded to Rebellion Road on Saturday the 8th Inſtant, where he was detained by contrary Winds until Sunday laſt, and then ſailed over the Bar, to give all the Protection to the Trade and Settlements on our Coaſt, conſiſtent with the Orders he is under, relative to the convoying his Majeſty's Troops, actually employed in the preſent Expedition againſt the Cherokee Indians.

On Thurſday laſt, Quarter-Maſter Sylveſter, of Colonel Burton's Regiment, who arrived the Evening before from New-York, ſet out for the Army with General Amherſt's Diſpatches to Colonel Grant; the Governor having ordered Horſes and a Guide to be provided for him immediately on his Arrival.

On Friday laſt a Negro Fellow, about 17 Years old, was burnt alive, at a Stake on the Green near the Workhouſe, being convicted of committing a Rape upon, and giving the Foul Diſeaſe to a Female white Child, under 8 Years of Age.

By Letters from North-Carolina, of the 10th Inſtant, we learn, that Colonel Waddle was marched for Fort Dobbs, with ſuch Part of his Regiment as was provided with Arms, in order to join the Virginia Forces, as ſoon, and at ſuch Place, as ſhould be ordered by Col. Byrd.

A Perſon Yeſterday from Auguſta reports, that a Party of Indians had carried off ſome Cattle from Long-Canes; and a Letter from Auguſta, of the 4th Inſtant, ſays, "that two of the Georgia Rangers, belonging to Lieutenant Barnard, were carried off about two Days before; they were up River Savannah, about 20 Miles above Auguſta."

Extract of a Letter from New-Providence, Aug. 10.

"A Daniſh Veſſel, and a New-England-man, brought in here lately, have been acquitted.—— Capt. Palmer, of the Privateer Brig Naſſau, of this Port, has ſent in a large Spaniſh Brig, with 200 Hogſheads of Sugar, which has been ſet at Liberty, by Conſent of Parties. A Spaniſh Sloop has likewiſe been ſent in here. And laſt Night Capt. Oman, of the Privateer Schooner Charming Sally, of this Port, brought in a very large Dutch Ship, of 700 Tons, loaded chiefly with Naval Stores, bound, as they ſay, for Havannah, but the Captors ſay for Port-au-Prince, and that ſhe had two Setts of Papers, one Dutch, and the other Spaniſh.

BOSTON, *September* 7.

We hear from Falmouth, in the County of Barnſtable, that on Saturday laſt was Se'nnight, a Whaleman arrived there, and informed, that on the Tueſday before he was chaced for 7 Hours by a French Privateer Brig, in Lat. 37, but by Favour of the Night he got clear:——The next Morning he was chaced again by the ſame Brig, but ſhe ſoon left him, and gave Chace to a Ship which then hove in Sight, who ſoon came up with and fought her for ſeveral Hours, but the Ship being too many for her, the Privateer was glad to make off as faſt as ſhe could.

By Captain Badger, who arrived here laſt Week from Halifax, we learn, that on the 20th ult. his Majeſty's Ship Rocheſter, of 50 Guns, Captain Burnet, arrived there from the Iſle of Bic, in the River St. Lawrence, and had brought in a Snow that he ſeized in the River, bound from Jerſey to Quebec, laden with Wine, Brandy, &c. but can't as yet tell whether ſhe will be condemned or not.

Tueſday laſt Captain Delap, in a ſmall Schooner, ſailed from hence for Halifax, but after being out a few Hours, his Veſſel ſprung a Leak, and the Water gaining upon them ſo faſt, they were obliged to throw over all their Cattle off the Deck, and part of the Cargo in the Hold, in order to preſerve the Veſſel from ſinking, and the next Day they got ſafe back again: Captain Shiverick coming in from Philadelphia, took up two of the Cattle alive, after they had been in the Water a conſiderable Time, and brought them in with him.

We have Advice from the River St. Lawrence, that Capt. Friend, in a Ship from London for Quebec, which had the Misfortune to run aſhore on the Iſland of Anticoſta ſome Time ago, is ſince bilged, by which the Veſſel and moſt of the Cargo is loſt; Capt. Friend and his People were taken up by Capt. Paddock, one of the Fleet from Cork, and carried to Gaſpey, where he agreed with ſome Fiſhermen to go to the Wreck, and ſave as much of her as they could.

NEW-YORK, *September* 14.

Saturday laſt Capt. Morris arrived here from the Coaſt of Africa: He ſays, that the French Frigate that lately paid that Coaſt a Viſit, had taken a great many Veſſels, and among the reſt, one Capt. Elliot, from Rhode-Iſland.

To the PRINTER,

SIR,

AS the Curioſity of the Public is very much raiſed to know the Deſtination of our Forces, I have made it my Buſineſs to get the beſt Intelligence I poſſibly could from thoſe who are acquainted with Secrets in the Camp; and as the Reſult of my Enquires, I ſend you for your Paper, "a whole Packet of News, as follows; In the firſt Place, I enquired when the Forces were to proceed on the Expedition? They told me they were perfectly Strangers to that Matter. Secondly, I aſked when they were to embark? They anſwered and ſaid they never heard. Thirdly, I enquired the Number of the Troops? They replied it was more than they knew. Fourthly, I demanded the Name of the Officer who was to command in the Expedition? Their Anſwer was, they could not tell. Fifthly, I aſk'd to what Place they were bound? They ſaid they were ignorant of that. Laſtly, I deſired them to tell me whether there was to be any Expedition at all or not? They replied they knew Nothing of the Matter." And this is all the MATERIAL Information that could be obtain'd by,

Your humble Servant, A. B.

PHILADELPHIA, *September* 17.

Since our laſt, the Captains Appowen and Miller arrived here from Jamaica.

Captain Appowen, as lately mentioned in this Paper, was taken by a French Man of War of 74 Guns, ſoon after he left our Capes, but ranſomed his Veſſel for Fifteen Hundred Pounds Sterling.

Captain Miller ſpoke with a Privateer Brig, Captain Waſhington, of Jamaica, going in there with four Prizes; one of which a Privateer Sloop, of 14 Guns, commanded by Palanqui; who we learn, was cut out of the Kaimetta's.

ANNAPOLIS, *September* 24.

By the laſt Poſt from the Northward, came ſundry Letters, which mentioned, that they had a Rumour of Peace being concluded on between *Great-Britain* and *France*. We wiſh we could give our Readers a certain Account of ſo happy an Event as an honourable Peace; but we cannot as yet, and only give it as a Report; tho' it is probable, from the ſeveral different Accounts, that, if a Peace is not already concluded, ſome large Strides have been made towards it. The following is an Extract of a Letter wrote laſt Thurſday by a Gentleman at *Philadelphia*, to his Friend here: "A Merchant of this City came in "this Morning in ſix Days from *Rhode-Iſland*, "where he ſpoke with a Gentleman of Credit "in three Days from *Boſton*, who told him, he "had ſeen a *Gazette Extraordinary*, brought by "a Veſſel in 23 Days from *England*, in which "were the Preliminaries of a Peace betwixt "*England* and *France*, containing a Ceſſion of "all *North-America*, with the *Miſſiſippi*, Neutral "Iſlands, and *Minorca*, to us; every Thing elſe "we had taken was to be reſtored to them. "What relates to *Germany*, we have not yet "heard." A little Time will bring us to the Truth.

Saturday Night laſt, Died, at his Plantation near Town, after a ſhort Illneſs, in the 28th Year of his Age, Mr. HENRY WOODWARD, a few Years ſince one of the Repreſentatives for this City. He has left an inconſolable Widow, and Four young Children, to lament an affectionate Huſband and tender Father; and, as he was juſtly Eſteemed, ſo he is ſincerely Regretted, by a numerous Acquaintance.

RELIGION, the crowning Excellence of intelligent Nature, claims the Approbation and cloſe Attention of every reaſonable Being, who expects future Bliſs. We are bound from Principles of Gratitude and Intereſt to promote the Honour and Worſhip of the ſupreme Mind, as neceſſary to our own Proſperity, the Good of Society, and future Happineſs of Man. Animated by theſe intereſting Motives, we, of the Preſbyterian Perſuaſion in this Town, deſire, not from Party Views, but from real Principle, to purchaſe a Lot of Ground to erect a decent Church for Divine Service, in which we may worſhip GOD according to our Conſciences. Upon Enquiry we find ourſelves as yet inſufficient to raiſe ſuch a Sum as is neceſſary to accompliſh ſuch an important Deſign, beg Leave therefore to ſollicit the Generoſity of our Fellow-Chriſtians to aſſiſt and encourage us in compleating a ſmall Lottery, at a Time when the Benevolence of our Countrymen is ſo well tried in this Way. We hope our Claim to the public Attention is equal to any that has ſollicited their Notice, and humbly expect that we ſhall meet with general Encouragement.
